COMMENTS FROM THE TOWN MANAGER'S OFFICE

The 1958 property tax bills are being mailed during this week, which is about nine weeks earlier than last year. A quick response in making payment will avoid the necessity of the town making any further tax anticipation loans.

The town has just recently received a deed to the airport from the Bethel Airport Corporation, which is in accordance with the vote taken at the annual town meeting. For a start the grade will be used to smooth and level the existing runway, and gravel will be trucked to fill in the entrance to the airfield.

On Tuesday and Wednesday of last week I had the opportunity to attend the second annual Tax Collector's School at City Hall in Lewiston. Panel discussions were held on Excise Taxes, Real Estate and Personal Property Taxes, primarily in the field of enforcement of delinquent taxes.

The Board of Selectmen have announced that there will be a special town meeting on Saturday, Sept. 6th, to fill the present vacancy. Also to vote on the proposed Zoning Ordinance. Copies of the ordinance are available at the Town Office on request. If any taxpayer wishes to have one to study before the date of the town meeting.

Sincerely,
Harold L. Bean

DOWEL MANUFACTURER HURT IN MILL YARD ACCIDENT

Clayton Kendall was painfully injured Monday afternoon when he was pinned to the ground by a load which fell from a fork-lift. He suffered several pulled ligaments in the back and is recovering at his home at West Bethel. The accident occurred in the yard of the Kendall mill.

SWIM CLASSES END

Another successful Red Cross Swimming Class has ended for some 22 children initially registered. Final statistics will be reported later. Many thanks to all who cooperated: especially Nancy Willard for instruction; the Beach Patrol; Dean Douglas, Jr., Harold Young, and Rev. Lewis for driving the bus; Mush McMillin for furnishing the bus; those who contributed to its use; Pete Chapin for gas donation; Addison Saunders and the St. Paul for the new float and Baby Kimball for the use of the Beach and Bath House.

LOCAL FARMERS USE FARMERS HOME LOANS

Farm families in Oxford and Androscoggin counties received Farmers Home Administration loans totaling \$39,000 in the fiscal year ended June 30, 1958, the agency's twenty supervisor Elwyn H. Morse reported this week. Borrowers repaid \$20,438 during the year.

Loans for farm operations, including feed, fertilizer, livestock equipment and other items totaled \$24,900. Credit to buy improve, or enlarge farms or refinancing existing farm debts accounted for \$13,500. Loans to farm owners to build or repair farm houses or other essential farm construction added up to \$10,600.

Repayments were made mainly out of income received from milk and eggs.

Among the results the farmers have obtained with loans for better farming, Mr. Morse said, are improved dairy herds, better crop yields, good pastures, and more modern equipment. The recently broadened farm housing loan program is helping many farmers plan and develop better housing and farm building facilities.

Mr. Morse said many local farmers have had and repaid loans in the past several years and are now operating sound farming operations and getting all the credit needs through local banks and other lenders.

Grades making and working loans the county supervisor said, help the county through the year to help with farm management problems. Mr. Morse estimated he made 40 farm visits a year and that farmers made 600 calls at his office to apply for loans or discuss their farming and credit situations.

Banks or other lenders may advance the loan funds for farm purchase or improvement, or the agency may make these loans direct from funds appropriated by Congress and under terms of law are direct Government loans.

BETHEL INN VARIETIES

Tuesday night at 8:45, the members of the staff at the Bethel Inn presented a musical revue for the benefit of the Jimmy Fund, to aid the Children's Cancer Research program.

The show opened with a comedy routine by the team of Arlene Chase and Arlene Coolidge, two talented waitresses. This was followed by Verne Whitman at the piano, playing a medley of three of his own compositions.

The audience was then treated to a group of old favorites by a Barbershop Quartet, with Sheldon Clark, Jerry Mixer, Lee Carver, and Stan Davis harmonizing.

Following this group was Carla Grover at the piano, playing Chopin's Revolutionary Etude.

Next on the program was the Bethel Inn girls' chorus, made up of the Misses Arlene Chase, Arlene Coolidge, Phyllis Coolidge, Julie Reynolds, Charlene Philbrick and accompanied by Carla Grover.

Miss Arlene Coolidge was then called back to play a medley of favorite tunes on the accordion. The girls' chorus then returned to the stage and provided backing for a beautiful devotional song by Miss Philbrick.

Next on the program was a group of western songs rendered by Bob Butters, who accompanied himself on the guitar.

The entire cast was then re-assembled for the finale. The audience then joined in and all enjoyed an old fashioned community sing.

Free will donations totaled nearly \$50 all of which was forwarded to the Jimmy Fund officials.

WOLF - MILLER

Irvin E. Wolf of Bethlehem, Pa., and Major Albert J. Miller, Army Nurse Corps, of Riverside, Pa., were united in marriage at Bethel Inn Sunday afternoon, the Rev. Richard M. Hamilton of the Bethel Methodist Church performing the simple ring ceremony.

The bride was given in marriage by Charles J. Watson of Bangor. Matron of honor was Mrs. Guy P. Kistner and the best man was Mr. Butler.

HOUSE COMMITTEE UPHOLDS HALE'S III LEAD WEDNESDAY

The subcommittee finding that Representative Robert Hale of Maine's First District was elected in 1956 was unanimously approved Wednesday by the House Administration Committee. Two years ago Democratic candidate James C. Oliver contested Hale's 29 vote margin. The committee certified Hale to be the winner by 111 votes. Hale and Oliver are again opponents in the September election.

West Bethel Pupils Hold Reunion

An enjoyable gab fest was enjoyed Sunday when old friends held their annual meeting of West Bethel pupils and teachers of former years. This event takes place each year at West Bethel on the first Sunday in August.

It is hoped that next year more former students and instructors will attend this reunion. Many attend services at the Union Church at 10 o'clock, meeting later for a picnic lunch.

Greetings were read from Ernest Rollins, who now resides in St. Petersburg, Fla. Ethel Allen Auger of Norway also expressed regrets by letter at being unable to attend due to illness. Mrs. Auger

was instrumental in organizing the group in 1950.

Regrets were expressed of the deaths of Cleo Russell and Carroll Abbott who were regular attendants at these yearly affairs.

Among those attending this year were: Mrs. Florence Stiles West of Norway; Mr. and Mrs. Wilbur Stevens (Grace Stiles) of Auburn; Miss Esther Mason and her mother, Mrs. Margery Mason, of Norway; Mrs. Alice Rolfe Mills and Mr. and Mrs. Herman Card (Thelma Rolfe) of Norway; Elbert Briggs, Mrs. Gladys Morrill Johnson and Mrs. Doris Ordway Lord.

Let's make next year's party the best ever. All friends are cordially invited.

Dutch Elm Disease at Fryeburg

Dutch elm disease just found in twenty trees in the typical elms shaded Maine village of Fryeburg where the disease had not previously been found portends what may be expected in other Maine villages presently resting on the false assurance of not yet having found the disease within their boundaries. Scabro is an additional Maine town victimized by the disease this season. Many diseased trees are being found in other municipalities. Visual symptoms of the disease will show up best now during the month of August.

Municipal officials and home owners should heed the significant warning to examine their elms now for symptoms of the disease. Six-inch samples of cigar-sized branches from parts of elms having wilting or browned leaves should be sent to the State Entomologist, Maine Forest Service, State House, Augusta, Maine for analysis. Samples sent should show brown spots or streaks on the surface of the wood. The warning applies anywhere in Maine as the disease has been found from Bangor to Brunswick and in Brunswick, Jefferson, Fryeburg, Bangor, Millport, Bangorville, Jackson, Patten areas. It is also present now in Woodstock and

Temperance Vale, New Brunswick to the east and throughout New Hampshire and the Province of Quebec to the west of Maine.

Citizens should instigate community action toward protection of elms. Prompt continued action on a community basis is necessary. Action prior to the arrival of the disease in a community will have most efficient effects in prevention with less drastic impact on community economics. Lethargic, half-way measures nor individual efforts are not the answer to this grave problem facing the high-value attractiveness of elms to Maine villages. Sound action depends on thorough understanding of the problem and competent advice, available through request for advice to the Maine Forest Service Entomology Division and application for its Bulletin No. 16.

State entomology personnel are conducting extensive scouting over the state to locate further presence of the disease. Limited personnel has caused the decision to concentrate first on those towns not as yet having the disease and makes it imperative that communities and owners carry out an inspection program on their own to insure that all elm shade trees are thoroughly examined.

Tables in Government — It is always gratifying to take part in efforts to improve standards in Government. As a member of the House Legislative Oversight Subcommittee, I have been able to contribute to that worthy end.

Our group has been widely publicized and has been criticized for its investigations. But less attention has been given to the first legislative report of this work, a bill awarding the Federal Communications Act recently approved by the subcommittee.

Some members felt we should wait the completion of our investigation before seeking corrective legislation, but I opposed this view. I felt we should go ahead now on the FCC bill because we have uncovered ample evidence of mismanagement to justify immediate action on appropriate legislation.

The bill would require the FCC within six months to adopt regulations on standards of conduct, prohibit compensation for certain activities by Commissioners, prohibit any attempt to influence the Commissioners, and permit the President to remove a Commissioner for neglect of duty or malfeasance in office.

dollar amount of loans to small firms in the First District to fiscal 1958 was over six times higher than in fiscal 1957. The SBA made 12 loans amounting to \$630,000 in fiscal 1958, as compared with 6 loans totaling \$103,000 the previous fiscal year. The aggregate amount awarded since 1953 is \$1,141,000.

The SBA also set aside Government contracts worth \$2,060,000 for award to Maine small business in fiscal 1958, as compared with \$5 worth \$60,000 in 1957. These figures indicate how beneficial the Small Business Administration has been to Maine, which is why I helped to get legislation to make it a permanent agency this year.

CARD OF THANKS

Words seem inadequate at this time to express our many, many thanks to our neighbors, friends and relatives, who have helped us in so many ways to bear our deep sorrow.

We are deeply grateful for the many courtesies shown by Rev. Raymond Bradley and Grant Kirk, and also kindnesses of Dr. John Lanni and Dr. S. S. Greenleaf. Mary Abbott and family, Byron and Katherine Abbott and family.

of the members will participate in some kind of demonstration. A short program will precede the demonstrations. Since this will be public, everyone who wishes to attend are welcome. This will be held at the community club house in Greenwood on August 7th at 7 o'clock in the evening. A committee was picked to get up a short program. Those serving on the committee are Joanne Hawkins, John Curtis, and Robert Holt. Refreshments were served following the business meeting. There were also four visitors present during this meeting: Anka and Royden Pierce, Lucy Curtis, and Sally Knightly.

The Maine State Police offers two suggestions to motorists: 1. Slow Down BEFORE you get to curves and at speeds which will allow you to stop within the range of your headlights. Failure to observe these two driving rules has resulted in tragedy for many motorists.

Conservation Farming In Oxford County

By Lyman W. Jacobson

Local Soil District will operate Penley Bros. woodlot. The supervisors of the Oxford County soil conservation district have contracted to cut and yard saw logs, boltwood and pulpwood on the Penley Brothers lot in Greenwood.

This is an example of the "package deal" service the district offers woodlot owners. All cutting is done on a selective basis. Marking is done by Maine Service forester Cliff Swenson. Woods operations are performed by the district crew, Perry Chapman, Jr., of Norway is in charge of the woods crew. The district's main reason for woodland activities is to set an example for others. The supervisors want to show and to prove the advantages of good forestry practices. Norman Gray of Fryeburg, one of the supervisors and a forester will act as technical advisor for the district.

August looks good for soil conservation work. Surveys have been completed for some 500 feet of the Reg. Kimball in Oxford. A survey will be made this week for another tile job at the Wilson Macrae orchards in Waterford. Mr. Macrae was the first chairman of the conservation district. He has installed many practices over the years.

Don Mason of Woodstock is all set to clear out a section of stone wall to allow him to plow and plant in contour strips. This means across slope farming, instead of up and down hills. Across slope farm-

ing also means greater yield per acre, less soil and moisture loss. Aaron Blake of Mountfield is a new cooperator of the district this summer. Aaron plans to remove stone walls and plant in strips. A soil survey and complete conservation plan will be made on Aaron's farm in the near future.

Fred Dunn has purchased the Ray Keene farm in Hebron. A new conservation farm plan will be made with Mr. Dunn.

Charles A. Fillebrown, Waterford orchardist, is working part-time for the Soil Conservation Service. Charlie is an old hand at this work, having been employed in previous years by the Service.

Good Printing

is as often the result of the printer's judgment and experience as of materials and equipment.

These are important factors in this plant, which may account for our increasing activity.

Good printing need not cost much more than the other kind, and may well be less expensive.

We are in touch with concerns who supply printing in specialized fields and can give pleasing prices and delivery.

3 "P's" Cause Traffic Mishaps

By Jeanne Smith,
Dodge Safety Consultant

ONLY TWO PERCENT of all automobile mishaps are true accidents, according to police officials in Berkeley, California.

In fact, police there no longer use the term "accident." Instead, they refer to those mishaps involving cars as "caused occurrences," resulting from the three "P's"—Indifference, Incompetence and Irresponsibility.

Rennacker, Berkeley's veteran police traffic expert, keeps comprehensive accident reports to substantiate his claim that the three "P's" cause 98 percent of all mishaps.

And, he says, these reports also show that there is a ratio between law enforcement and traffic mishaps—the more tickets, the less accidents—and, conversely, the less tickets, the more accidents.

"There seems no question that motorists will drive more carefully and avoid accidents," Rennacker says, "if they feel the police department enforces its traffic laws strictly."

Therefore, he has set a policy of strict law enforcement as a major solution to traffic problems. As an example, Berkeley has used radar as a traffic law enforcement tool for five years with rewarding results. Last year, 538 speeding citations were handed out as a result of radar checks.

Within a few days after radar check points were set up in a specific locale, speeds decreased and "caused occurrences" dropped—because drivers knew the police were on the job.

In view of the success he has had in Berkeley, Rennacker offers his safe driving suggestion: "Always drive as though there were a motorcycle officer behind you."

V. A. NEWS LETTER

M. L. Stoddard, Manager, Veterans Administration Center, Togus, Maine, says that the Veterans Administration is trying to locate an estimated 1200 widows of Confederate veterans believed to be entitled to federal pensions.

Stoddard said that this is the first time that these widows are eligible for VA pensions under recently signed Public Law 85-425. The new law also provides pensions for the two living Confederate veterans, who have already been contacted by VA field representatives and assisted in filing their returns.

The widows, however, present another problem, Stoddard explained. Only those southern states which pay similar benefits have partial rolls of Confederate beneficiaries. The United States has no official records on these beneficiaries, and, since the benefits are not automatic, the widows will have to fill out application forms which may be obtained in person or by letter from any VA office.

The two Confederate veterans are eligible for the same pension benefits as would any living Union counterparts, \$101.59 a month, or \$125.45 if physically helpless or blind. Widows under 70 are entitled to \$40.64 and over 70 to \$65 a month. If the widow was married to the veteran during the Civil War service, she is entitled to \$75 a month.

Q. As the widow of a veteran who died of a service-connected injury, I receive monthly survivor benefits from the VA, based on my husband's pay while in service. I understand my payments will increase as a result of the new law. When will my increase show up in my check?

A. It may take several months to adjust accounts of all widows entitled to the increased payments, but each case must be examined individually. Any increase will be paid retroactively, and will be dated back to the first of June, the day the new military pay scale took effect.

Could anyone deny this baby a few minutes?

Of course not! Yet the minutes you can save by speeding could mean the baby's life... or yours! Nearly 40,000 died in traffic accidents last year, with speeding a factor in 3 out of 10 fatal crashes! So think how many lives just minutes can save... and slow down!

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council.

Remember—where traffic laws are strictly enforced, deaths go down.

FACTORS IN AN ACCIDENT TO BE AVOIDED

1. Excessive Speeding

2. Improper Lane Changing

3. Running Red Lights

4. Tailgating

5. Improper Passing

6. Improper Turning

7. Improper Merging

Mrs. Olive Davis, Corres.—
Mr. and Mrs. Stanley Tyler and three children, Judy, Laurie and Larry entertained the following at a barbecue on their lawn Sunday:

Mr. and Mrs. Wilder Merrill and Patricia of South Paris; Mr. and Mrs. Charles Gough and Stephen, Norway; Mr. and Mrs. Ronald Tyler, So. Paris; Mr. and Mrs. Wilbur Button, Stacey and Jimmy, of Manchester, Conn.; and Mrs. Cora Harkness of So. Paris.

Mr. and Mrs. Edna Davis had Mr. and Mrs. Leslie Bryant and Danne Bryant of Bryant Pond as dinner guests at Royal Nook at North Pond Leslie Bryant helped Ellis Davis fix the wharf which has been dipping in the water since the ice went out. This happens every spring and it is quite a problem to keep the wharf straight.

The Willing Workers picnic was held at Camp Eureka on Pleasant Pond. Mr. and Mrs. Harlan Andrews greeted the workers as they arrived. A picnic dinner was enjoyed consisting of salads, sandwiches, pie, cakes and cookies. Punch and coffee was served by the hostess. After the dinner was taken care of there were pictures shown by Olive Davis of various points of interest. Beano followed this while the younger group went to swimming. Those attending were Eleanor Koskela and three girls, Jessie Abbott, Lizzie and Truth Abbott, Wilma Hendrickson and two granddaughters, Nadine Waterhouse, Evelyn Bean, Patricia Thurlow, Bruce, Mark and Leslie; Louise Andrews and Clay; Cynthia Lamb and three children; Olive Davis, Arlene Tyler, Zella Silver, Catherine, Marguerite and Lucia Verrill, Beverly Hatch and Guss Andrews. Everyone had a lovely time and many thanks to host and hostess, Mr. and Mrs. Harlan Andrews.

Mrs. Robert Gleason entertained at a Stanley party in her home Sunday evening.

Mrs. Ella Davis and Mrs. Leslie Bryant were in Bridgton Monday calling on Mrs. Lillian Harmon.

Mrs. Ruth Hastings was home over the week end from her studies at Gorham State Teachers College.

Mr. and Mrs. Don Stanley and son, Warren, of South Portland, visited Mr. and Mrs. Rodney Howe, Sunday.

Mr. and Mrs. George Abbott of North Woodstock visited the Fosters Wednesday of last week.

Warren Hastings returned home Saturday from a two weeks training course at Camp Drum, N. Y.

This House Puts Beauty Into a Cost-Saving Rectangle

Employing the principle that a simple rectangular design produces the most house for the money, Designer Donald Scholz has here produced a house that's as beautiful as it is economical.

Here's the achievement—four bedrooms, two generous baths, all rooms of good size, and long, low sweeping exterior graciousness. Shutters, planter boxes, exterior siding variations, and a columned porch with arch design more than compensate for the simplicity of the home's four straight walls.

As interesting indoors as out, the house has a private L-shape sleeping area and a compact kitchen-dining-living area. The kitchen work space, also L-shape, shows how the designer utilizes this shape to gain utmost convenience with minimum interior-partitioning costs. All rooms are in line, with hall space kept well within "efficiency" limitations.

Definitely planning has grouped all plumbing—two baths, laundry-utility-plumbing lines. In an alternate basement plan, a staircase replaces the utility room, and both baths are the same size. Space for family living, with beauty and economy, are all present in this well-planned home. The secret—Designer Don Scholz' adept handling of a shape that's easiest to build, but most difficult to glamorize—the simple rectangle.

Floor area of the house is 1192 sq. ft. Get further free information on this house by writing: Don Scholz Design Associates, Dept. 103, 2001 N. Westwood, Toledo 7, Ohio.

Mrs. Boythak, Mrs. Cutler and Mrs. Dolloff were classmates at Central Maine General Hospital when they were students in training.

Miss Jeanne Miller of North Ferrisburgh, N. Y., is spending the summer with her grandparents, Mr. and Mrs. Erwin Miller. She is the eight-year-old daughter of Mr. and Mrs. Gordon Miller.

Word has been received that Keith French, 17 years old son of Mr. and Mrs. Robert French of Conway, N. H., was involved in an accident on July 24 and is a patient at the Maine Medical Center in Portland. He received very serious head injuries. He and another 20 were traveling home from a dance when something went wrong with the car. The other fellow was taken to a nearby hospital in less serious condition. His parents and brothers and sisters were following three cars behind him when the accident occurred. Mrs. French,

co, are moving into their new home, formerly owned by Loring Swain. Victor Richards, Iver Marston, Russell Brackett and Paul Richards have returned from their two weeks at Camp Drum.

Iver Marston leaves for the Maine Vocational Institute to begin his fall studies on September 2. He is taking the Radio, Television, Electronics course.

Mrs. Elsie Poor and her daughter, Mrs. Betsy Fisher, was co-hostesses for the regular Friday Club meeting on August 1 at the Poor residence. During the business meeting conducted by President Lucile Swain, final plans for the 6th annual Flower Show were made and committees were appointed. The roll call was "Handicapped People." CIVIL SERVICE EXAMINATION MEETING OF TUBERCULOSIS WORKERS HELD TUESDAY

The Western Maine Tuberculosis Workers, an organization of the Tuberculosis Associations in south and western Maine, met at the Cumberland County TB and Health Association's office in Portland Tuesday.

The TB Workers were joined by Mrs. Olive Boney, representing the Western Maine Sanatorium, and the group heard a progress report on the current "TV Fights TB" campaign by Fred Kilgus of the Cumberland County Association.

Mrs. Boney discussed a shopping service for the patients and explained the craft program. She said there is a need for a sales outlet for patient produced goods.

The afternoon session was devoted to a discussion of the blood needs of the sanatorium. The chairman of the meeting, Mrs. Betty Gardner, Executive Secretary of the Androscoggin County TB Association, reviewed the blood program to the area and pointed out the difficulties encountered because the Lewiston area hospital does not accept blood from Portland or other hospitals.

Mrs. Loring McFall, Oxford-Franklin program worker of the Maine TB Association, and Mrs. Marie Locke, Executive Secretary of the York County TB Association, outlined coming holiday activities for the sanatorium.

WASHINGTON

Q Can you tell me what Federal Agencies are represented by the letters RRB and DATA?

A RRB is the Railroad Retirement Board and DATA is Defense Air Transport Administration.

Q When did Philadelphia cease to be the Capital City of the United States?

A On June 10, 1800.

Q How long has the District of Columbia had its present form of Government?

A Since 1878, when Congress created the Commission form of three members, two to be residents of the District, the third detailed from the Corps of Army Engineers, all three to be named by the President and confirmed by the Senate.

Q What and when were the so-called "Four Freedoms" enunciated?

A In an address to Congress on January 5, 1941, President Franklin D. Roosevelt said, "In the future days, which we seek to make secure, we look forward to a world founded upon four essential freedoms. The first is freedom of speech and expression, everywhere in the world. The second is freedom of every person to worship God in his own way—everywhere in the world. The third is freedom from want—which translated into world terms, means economic understandings which will secure to every nation a healthy, peaceful life for its inhabitants—everywhere in the world. The fourth is freedom from fear—which translated into world terms, means a worldwide reduction in armaments to such a point and in such a thorough fashion that no nation will be in a position to commit an act of aggression against any neighbor—anywhere in the world."

DEEP WITHIN a mountain in southwestern Missouri, freight cars await unloading of civil defense equipment to be stockpiled there for use in case of enemy attack. The siding, extending 650 feet into the mountain, can accommodate 16 railroad cars simultaneously. The Office of Defense and Civilian Mobilization facility, part of a "hardware" mine, contains a vast array of medical supplies and "hardware" to be used in recovery operations in the event of an attack on the United States.
